DATA VERIFICATION NOTES

- Lower-circuit coverage: only one confirmed lower-circuit lock (United Foodbrands, single source MarketsMojo) was found. No other confirmed lower-circuit locks were located; this does not prove none occurred.
- The 5paisa upper-circuit list is provisional and intraday (last updated 5:07 pm IST); it gives % moves and some bands but no LTP, volume or catalyst for most names. Whether each stock closed at the band is not confirmed.
- No volume-vs-average multiple was available from any source for any stock; none is stated. Absolute volumes shown (MarketsMojo) are as reported.
- Fresh month / 52-week highs and lows on heavy volume: no verified list for 3 Nov 2026 was retrievable this run; omitted rather than estimated.
- MarketsMojo articles for U. Y. Fincorp (price vs % and turnover unit error), United Foodbrands (rating wording) and AGS Transact contain internal inconsistencies; only figures that look self-consistent are used, inconsistent ones flagged.
- Trident's move differs inside the HDFC Sky page (+7% vs +8.33%); both shown. HDFC Sky ticker prices carry no time stamp. 'BSE Ltd' is reported as a Nifty gainer exactly as the source states.
- Bank Nifty level, Tuesday FII/DII flows and F&O expiry context were not available and are omitted. India VIX unverified (see snapshot). Pre-market Business Standard blog was used only for context, not for closing data.
- Judgment calls (unattended run): circuit-locked names default to 'avoid chasing'; non-circuit earnings movers are included as momentum context and labelled as such; rows with only a 5paisa listing are kept short rather than padded with guesses.
