DATA VERIFICATION NOTES

- **Confirmed lower-circuit locks: none.** The only lower-band list found (HDFC Sky, 3:30 PM snapshot) shows -5.00% for Sigma Advanced Systems and near-band moves for others; none were confirmed locked at close. 5paisa's end-of-day list covers upper circuits only.
- Upper-circuit closes for BN Agrochem, PVP Ventures, Affordable Robotic, Bhagyanagar India, Reliance Infrastructure come from 5paisa's end-of-day list (ranked by market cap, SME excluded); this is not a full list of every circuit stock.
- Sterlite Technologies and E2E Networks: HDFC Sky 3:30 PM snapshot and 5paisa end-of-day figures conflict; the later 5paisa figure is shown first and the conflict is flagged.
- Volume multiples (DCX Systems, Roto Pumps) are from a 12:00 PM snapshot, not end of day. No catalyst was verified for any stock except Page Industries (results, single source).
- HDFC Sky's market report mixes figures within itself (e.g. Godrej Industries +13.01% in ticker vs +11.9% in text); ticker figures used. Sector percentages differ between sources; ranges are shown.
- India VIX, breadth and Rs 12,563 cr FPI figure each rest on one or two sources. NSE/BSE primary circuit lists could not be checked this run.
- Judgment calls (unattended run): moves near but not at the band are shown as such rather than as locks; the 9 PM IST run time means all figures are from pages published after the close; one HDFC Sky top gainers/losers page could not be loaded.
